## From the Presidents Desk

Where did the time fly? It seems like only a few days ago, that I took on the responsibility of being our Chapter President. It was a lot of work but, it was very rewarding too! We have a great Board of Directors, all of them are friends and most of them are past Presidents. They made my two years go by quickly and smoothly. Thanks guys, you are the best friends and cohorts a guy could have.

Our new President is Don Van De Steene who just retired (where have I heard that before?). As in my case we figured now that he's retired he needs something to do that will keep him busy. Don is a natural leader and he can count on our support and friendship during his tenure. Thanks Don for taking the reins and leadership of our Chapter, it couldn't be in better hands.

The Anti's are still around and it seems only their hatred of we hunters give them a reason to live. No matter how many animals we bring back from extinction, no matter how much land we improve for the betterment of wildlife, no matter how much money we pour into animal welfare and research we are the bad guys. They who do little or nothing along these lines see themselves as some kid of superior faction in the existence of wildlife. They do not or ever will understand that hunters love our wildlife and our contributions to conservation are a positive example to the world. Love and respect are hunter's gifts to wildlife and if the Anti's hate us for our efforts then we will withstand their hatred and keep doing all we can for wildlife and conservation!

We are always in need of good people and chapter members to step forward and join our board of directors. Many of you have the talent and the ability to contribute to our chapter and conservation. Please think about it and make that first step by contacting one of our board members and simply say, "I would like to help"!

Thanks, and God Bless!  
Ralph

# Boar Hunt for Alex

By Ralph Cagle

The January temps were low and the wind was high as Alex Hawkins (my grandson age 14) was settling his crosshairs behind the shoulder of the large boar at Bob Easterbrook Sr.'s Heritage Trophy Hunts in Lupton Michigan. Bob Sr. donates to our fundraiser every year and had invited us up for a boar hunt a month earlier. By us, I mean my grandsons Colin (age 18) Alex and myself. I hunt a lot with Bob Easterbrook Jr. and we have been the best of friends for years. Bob Jr. brought up his family and a long-time friend Helen for her first time ever hunt. It was going to be an exciting weekend for everyone!

I had bought Alex a Ruger lever action .44 Mag carbine a few years before and this was his first chance to bring home some wild game for the family. His older brother Colin had taken his first deer on the youth hunt the previous season and he came along to see what boar hunting was all about. We arrived Friday evening and planned to start early the next morning.

We arose at first light, had a hearty breakfast and headed out to the range to check the firearms to make sure they were still sighted in and to give the hunters a confidence boost. The temperature was in the teens and the winds were gusting 10-20 mph. It was cold. All of the firearms hit their targets. So, off we went, walking the snow packed trails looking for the pigs. Alex was with Bob Jr., when they spotted a nice boar. They were able to shorten the distance between them to about 25 yards. Then Alex took aim and pushed his safety forward. The Ruger roared, the boar squealed and ran about ten yards, Alex had made a perfect broadside shot right behind the shoulder, and we were all smiles! We loaded the boar behind the ATV and took it to the weighing and field dressing area.

The boar weighed in at 200 pounds, and Alex could not have been happier, and of course his Papa was beaming with pride! We dropped the boar off at a local processor to be picked up the next weekend.

Since it was late, Bob Sr. asked us to spend the night, we relished a great meal while the boys shot the air archery targets and enjoyed Bob Sr.'s "Memory Room" where all of his African trophies were displayed. Life does not get any better, family, good friends and a successful hunt! After we left Sunday morning, Bob Jr. and Colleen guided Helen to her first ever successful boar hunt. Congratulations to Helen as well, nice job!

# Legends Ranch Youth and Purple Heart Hunt 2017

By Ralph Cagle

Our SCI S.E. Michigan Bowhunters Chapter was very happy to again support the Youth and Purple Heart hunt at the Legends Ranch located near Bitely, MI this year! The Youth Hunt takes place in early August and the Purple Heart hunt follows two weeks later. The August hunt dates allow the kids and the vets to harvest their bucks while they are still in velvet which means they are special and unusual trophies.

The Youth and Purple Heart Hunts sponsored by our chapter and several other conservation clubs allowed five special needs youth hunters and purple heart veterans to take a trophy buck of a life time. Rich DeLisle and I were invited to attend and enjoy the whole-hearted Legends Ranch hospitably provided by Robert Sergi Jr. and his gracious staff.

The kids besides the hunt also, enjoyed a fishing outing at the Lost Guide Lake and a stay at the beautiful Legends Ranch with their sponsors and family. Everything at the Legends is first class and to top things off the Legends Ranch also donates a hunt to our Chapter fundraiser every year and it is one of our most sought-after donations!

The Purple Heart hunt is special too, as it provides a gift of hunting to five veterans who

earned a Purple Heart while defending our great nation! We can never forget the brave soldiers who stand between us and those who would harm our citizens. They may take a knee for their hunt pictures, but they stand proudly for our flag and country. God bless the true heroes of our nation who gave the ultimate in defense of friends and loved ones.

Our personal thanks to Robert Sergi Jr., his family and his staff for all they do to promote hunting, conservation, our youth and our purple heart veterans. They are a very warm and caring collection of people who deserve our support and respect. The Youth Hunt choice was Luke Wwczarak who had a smile that will warm your heart! The Purple Heart chapter choice was William (Will) Francis from St. Clair Shores Michigan.

You may contact the Legends Ranch at [www.lengendsranch.com](http://www.lengendsranch.com) or call 231-745-8000.

# Hartland Michigan NASP World Champions

Letter from Coach Rob Jellison

Dear SCI S.E. Michigan Bowhunters Chapter,

On behalf of our teams, I would like to thank you for helping us bring home two world championships in the National Archery in the Schools Program (NASP)!!

Our Middle School Team is the 2017 World Champions in the 3D IBO (International Bow-hunting Organization), and our High School Team is the 2017 World Champions in the Bullseye event!

Both of our teams shot a new world record high score in these events! The middle school team shot a 1700 out of 1800 in 3D, and the high school shot a 3482 out of 3600! This comes out to a 290 average out of 300 for ALL 12 kids used for the team score!

Thank you SCI S.E. Michigan Bowhunters Chapter for your continued support of our teams. We know you have many organizations you could support, and we greatly appreciate you choosing to help fund our cause and to help get kids involved (*and* succeed) in the sport of archery (and hopefully future hunters).

Thanks again,  
Rob Jellison, coach

# Tails-A-Waggin' Acres Annual Hunt

By Rich DeLisle

Our chapter once again supported the annual pheasant hunt at Tails-A-Waggin Acres in Marion, Michigan. Chuck Connell and his wife Joan have hosted this event for 12 years now. It has grown from a one day event to a four day long event, as more people are eager to go pheasant hunting.

The hunt is completely free to disabled veterans, law enforcement and first responders. The hunters are provided with five pheasants, lunch buffet, guides and dogs, bird cleaning and of course plenty of good fellowship. Michigan Outdoors Mobility and Camp Liberty donate the use of special all terrain wheelchairs every year.

It is such an honor to help fellow hunters to get in the outdoors and be able to hunt pheasants and join other hunters as they make great new friends and memories, as we help support are right to hunt for everyone.
